

# Returning to Archery: Phase 1B – Restricted Shooting

## Addendum to Returning to Archery: Phase 1 – Restricted Shooting

### Introduction

Archery GB (AGB) have issued an updated set of guidelines. These changes are limited and this is not Phase 2. Therefore, this document covers only those changes as amendments to the current Phase 1 documents already issued. Therefore, please read these with reference to the appropriate sections of the initial documents. It is possible that we may be required to reapply Phase 1 rules should lockdown return.

These new rules will be referred to as Phase 1B.

### Overview

The main changes are AGB have allowed 2 separate archers/households to shoot on the same boss in double detail format and the toilet to be open.

Archers can still request to shoot alone/with their household when booking and this will be honoured.
